### Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Report	AS1	4500 word research proposal	100	

### Aims

*To expand and develop further the research knowledge and ability to design and produce a research study proposal. The proposal should direct the student towards an area of study to inform further development in research as the student progresses.*

### Learning Outcomes

After completing the module the student should be able to:

- 1 Critically evaluate evidence related to a negotiated area of research.
- 2 Formulate an appropriate research question specific to paramedic practice.
- 3 Design an appropriate research methodology.
- 4 Identify ethical considerations in research.

### **Learning Outcomes of Assessments**

The assessment item list is assessed via the learning outcomes listed:

Report	1	2	3	4
--------	---	---	---	---

### **Outline Syllabus**
