### Aims

*The primary aim of the module is to develop English language proficiency. Specifically, the module will increase students' overall level of English by 1.0 IELTS band. It also aims to develop the language and skills required for university study and to develop preparedness to use Academic English in ongoing degree programmes.*

## Learning Outcomes

After completing the module the student should be able to:

- 1 Develop proficiency in the four skills of reading, writing, speaking and listening
- 2 Increase range and knowledge of general and academic vocabulary
- 3 Use a range of appropriate grammatical features in all skill areas
- 4 Develop strategies for listening and contributing to academic discourse
- 5 Produce academic writing which shows understanding of conventions relating to style, structure, academic language and grammar

## Learning Outcomes of Assessments
