Workshop	33

### Module Offering(s)

Display Name	Location	Start Month	Duration Number Duration Unit
JAN-MTP	MTP	January	12 Weeks

### Aims and Outcomes

Aims	Over the past number of decades, there has been several important changes in the area of corporate governance, both at an international and national level. Globalisation increasingly requires firms and their management to have a solid understanding of key governance issues and the possible implications of these on firm behaviour and thus, performance. Therefore, this module aims to introduce students to corporate governance, its practice and related theoretical underpinnings.
------	--

**After completing the module the student should be able to:**

**Learning Outcomes**

Code	Number	Description
MLO1	1	Explain the concept of corporate governance, knowledge of recent developments, research and practice.
MLO2	2	Critically evaluate the key theories/philosophies in corporate governance research, their appropriateness to encourage incentive-alignment of interested parties who may have conflicting incentives.
MLO3	3	Critically and comparatively evaluate major cross-country differences regarding corporate governance regulation and practice
MLO4	4	Research and critically assess a contemporary issues in corporate governance using an appropriate empirical approach

**Module Content**

Outline Syllabus	Introduction to corporate governance and an examination of its evolution Examination of the difference between corporate governance and corporate management Theories and philosophies of corporate governance Corporate governance around the world/ International models of Corporate Governance Structures and policies necessary for effective corporate governance e.g. examination of board architecture, functions of the board and other key positions of governance and their associated roles Current/emerging issues in corporate governance at both national and international level The economics of corporate governance Capital structure and firm valuation Pay-out policies and finance
Module Overview	The aim of this module is to enable you to evaluate corporate financial decisions that form an essential part of strategic decision making and a project business case – funding, financial investment appraisal, financial control, risk management and performance evaluation.
Additional Information	This module introduces students to corporate governance and finance, its practice and related theoretical underpinnings. It focuses on corporate governance from both a national and an international perspective and introduces contemporary academic literature to develop students' critical appreciation of contemporary issues surrounding corporate events, valuation theory and practice.
