Susan Baker	

Academic Level: FHEQ6 **Credit Value:** 5.00 **Total Delivered Hours:** 50.00
Total Learning Hours: 50 **Private Study:** 0

Delivery Options

Course typically offered: Runs Twice - S1 & S2

Component	Contact Hours
Lecture	2.000
Online	39.000
Seminar	1.000
Tutorial	1.000
Workshop	6.000

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Exam	AS1	4 Short Answer Questions, advanced notice of areas will be given.	100.0	1.00

Aims

Expose the student to the range of pharmacological interventions and devices used

in the management of the patient with heart failure

Learning Outcomes

After completing the module the student should be able to:

- 1 Critically appraise the benefits and disadvantages of a range of interventions and devices used in the management of heart failure, in accordance with the current evidence base
- 2 Critically review the ethical principles applied in heart failure management

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

EXAM	1	2
------	---	---

Outline Syllabus

Stepped/Staged Approach to interventions and devices in the management of heart failure. Evidence Base for the use of pharmacological therapies. Pharmaceutical implications with interventions and devices. Ethics and heart failure.

Learning Activities

Interactive lectures, workshops, group work, case study based activities and clinical scenarios. Work based learning.
