Aims

To prepare students for the Level 3 Project or Dissertation. It aims to enable students to develop a research proposal and utilise quantitative and qualitative research tools

Learning Outcomes

After completing the module the student should be able to:

- LO1 Identify an appropriate research topic
- LO2 Produce research aims and objectives
- LO3 Undertake an indicative literature review
- LO4 Develop a research strategy and appropriate methods
- LO5 Propose appropriate timescale and resources
- LO6 Prepare an appropriately presented and coherent research proposal

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Coursework	LO	LO	LO	LO	LO	LO
	1	2	3	4	5	6

Outline Syllabus

Defining a research topic
Critically reviewing the literature
Deciding the research strategy and methods
Using secondary data
Collecting primary data
Analysing quantitative and qualitative data
Planning a timescale and use of resources
Writing the research proposal

Learning Activities

Lectures and tutorials will be the main form of student learning activities. Students will be required to work both individually and in groups to develop the above learning outcomes. Some of the tutorials will be held in the IT suite which will enable students to use computer-based facilities to input and analyse data.
