*To allow students to pursue an independent project in the field of creative writing at an advanced level.*

### Learning Outcomes

After completing the module the student should be able to:

- 1 Plan, draft, and present a finished copy of a creative project in creative writing, to include a reflective commentary demonstrating the ability to incorporate his or her research findings in an engaging and accurate form.

### **Learning Outcomes of Assessments**

The assessment item list is assessed via the learning outcomes listed:

Essay	1
Portfolio	1

### **Outline Syllabus**

*The module allows students the freedom to undertake an extended creative project at an advanced level. The project will follow an interest of the student's, and be of their own devising, with tutor support.*

### **Learning Activities**

Independent study guided by consultation with a tutor.

### **Notes**

This module allows students to pursue an individually devised creative project in Creative Writing at an advanced level. Students who wish to take this module will have to apply in writing and their application may be refused. Students on the module submit a proposal to the module leader who then offers their comments, refining the objectives of the study into an agreed form, at which stage the module leader assigns the student a supervising tutor. The module provides the student with an opportunity to pursue a project which is not accommodated elsewhere in the programme.
