*Assessment of deteriorating patient*  
*DKA and HHA*  
*Advanced respiratory assessment.*  
*3 lead ECG's*  
*Tracheostomy care.*  
*Psychological care of the acutely unwell patient.*  
*Care of the dying patient.*  
*Initiation of life-preserving immediate measures and to carry out measures in crises and disaster situations;*

## Learning Activities

A range of learning activities will be used for module delivery, including lectures, simulation and workshops, online learning, reflective practice, guided reading and independent study.

## Notes

The Academic Assessor will monitor that the student has completed 420 practice hours. This includes any practice placement learning and simulated practice learning, in accordance with the students programme plan. These hours are not included in the total module hours but are noted within the module proforma for university monitoring and progression purposes.

In addition to the contact hours above there are 160 private study hours. 85 hours are guided, this includes online and assessment preparation. Online hours are e-learning.

75 hours are independent study

Please note that workshop hours account for simulated theoretical learning, in accordance with NMC standard 3.4
