

## Module Information

2022.01, Approved

### Summary Information

Module Code	6101SPOPSY
Formal Module Title	Applied Sport Psychology Placement Foundations
Owning School	Sport and Exercise Sciences
Career	Undergraduate
Credits	20
Academic level	FHEQ Level 6
Grading Schema	40

### Teaching Responsibility

LJMU Schools involved in Delivery
Sport and Exercise Sciences

### Learning Methods

Learning Method Type	Hours
Lecture	14
Off Site	24
Tutorial	14
Workshop	20

### Module Offering(s)

Display Name	Location	Start Month	Duration Number Duration Unit
SEP-CTY	CTY	September	12 Weeks

### Aims and Outcomes

Aims	The module aims to develop student's ability to plan, prepare, initiate and reflect upon effective applied sport psychology practice with a client. The module will address topics such as legal requirements, health and safety, reflective practice, safeguarding, working in effective teams and requisite skills for applied sport psychology practice. The module will also contain a field trip through which students can observe and assist with applied practice under supervision.
------	--

**After completing the module the student should be able to:**

### Learning Outcomes

Code	Number	Description
MLO1	1	Reflect upon the relevant ethical, professional and risk assessment requirements for undertaking applied practice with a client group
MLO2	2	Discuss the knowledge and skills appropriate for the applied sport psychologist

### Module Content

Outline Syllabus	Placement requirement including legalities, health and safety, insurance and reporting requirements; effective group working; reflective practice, guest lecture on early career applied experiences, field trip, applied skills workshops, pre placement viva session, university placement tutor meetings
Module Overview	The module aims to develop your ability to plan, prepare, initiate and reflect upon effective applied sport psychology practice with a client. The module will address topics such as legal requirements, health and safety, reflective practice, safeguarding, working in effective teams and requisite skills for applied sport psychology practice.
Additional Information	This module is designed to provide students with the opportunity to develop their theoretical knowledge and applied practice skills required to act professionally, competently and ethically when working as an applied practitioner with client groups. The field-trip component will be funded by the programme (minus personal expenses) for a number of days at an elite sport setting. The module will be evaluated by completion of the relevant assessment tasks. This module contributes towards the development of graduate teamwork/interpersonal skills.

### Assessments

Assignment Category	Assessment Name	Weight	Exam/Test Length (hours)	Module Learning Outcome Mapping
Exam	Individual viva	60	0	MLO1
