Outline Syllabus	<ul style="list-style-type: none"> 1) Forensics/Trace Evidence 2) Homicide Investigations 3) Sex Crimes 4) Drug Investigations
Module Overview	
Additional Information	<p>The module aims to develop students understanding of the legislative and policy framework which sets out the parameters of criminal investigation. Students will be able to identify, and critically appraise, the context out of which practices developed. How investigation can be affected by personal values. The module will explore relevant legislation and policy and practice guidance in relation to information sharing, confidentiality and public protection. Students, through the analysis of key critical incidents, will develop an understanding of good practice in relation to criminal investigation. The assessments on the module will enable students to develop a critical understanding of the policy and procedural guidance which relate to a specific area of the field. Through the use of work related case studies students will critically explore the opportunities and challenges presented for investigation.</p>
