Aims and Outcomes

Aims	The module aims to develop students understanding of the legislative and policy framework which sets out the parameters of multi-agency working arrangements across the sector. Provide an opportunity for students to critically explore the range of regulatory processes and professional values which inform practice, theories of team work, issues of professional status and power and working across organisational boundaries. Provide an opportunity for students, from different disciplinary backgrounds, to work across disciplinary boundaries and gain experience, through work related learning using 'real life' case studies, of the complexities of multi-agency working.
