Aims and Outcomes

Aims	This level 6 core module builds on 5252Ed Stud and offers a critical lens to study the field of comparative and international education.
------	--

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Critique the social and political discourses that influence different approaches to education internationally.
MLO2	2	Critically analyse the influence of comparative education on national education agendas and policy.
MLO3	3	Critique the relationship between globalisation and education

Module Content

Outline Syllabus	Economic, political, cultural and social dimensions of globalisation. Globalisation and internationalisation of education. Fields of inquiry in international education. The growth of international and comparative education as a field of study. Policy borrowing and policy dialogue at an international level.
Module Overview	
Additional Information	This module explores how the processes of globalisation and internationalisation impact on the national and international provision of education. This module further examines the educational implications induced by global social, political and economic factors.
