Exam	Exam	3hr Exam	100	3

Aims

The aims of this module are for students to develop an understanding of the philosophical underpinnings of ethical decision making in a global business environment, to appreciate the impact of global business on host nations and to introduce present and potential future issues facing business, in order that students may incorporate ethical, environmental and responsible dimensions into management thinking (particularly strategic decision making) for a more responsible,

sustainable and resilient future.

Learning Outcomes

After completing the module the student should be able to:

- 1 Explore the meaning and significance of reputation, responsibility and business ethics for an organisation. .
- 2 Critically analyse the cultural, social, political, and personal dimensions of ethics within a global business environment.
- 3 Evaluate major global challenges and develop examples of sustainable practices and measure taken towards improved sustainability
- 4 Identify methods to help organisations strengthen their resilience in the face of current and future challenges

Learning Outcomes of Assessments
