-------	---

## **Outline Syllabus**

*The module aims to provide students with a work based knowledge and understanding of the outdoor industry which develops a critical awareness of professional practice issues and their competence as a reflective practitioner. This should enable students to acquire professional skills in a sector of the outdoor industry and appreciate the operational ethos and standards of organisational practice.*

## **Learning Activities**

Work Placement: - Your work based learning placement requires you to take on the role of an employee (under supervision) within the organisation. This should provide opportunities for you to learn by practical involvement the operation of procedures that guide practice within the organisation; observe and interview key individuals within the organisation. Once this placement is complete you are required to write an evaluative report on the agency within the industry; reflecting on the experience to illustrate a selected key experience work experience. Please refer to the dedicated work based learning handbook which was made available for you in year two under WRL 1 via the Blackboard VLE. An updated version for this year's module can also be found under WRL 1 module content on Blackboard.

## **Notes**

The aim of this module is to provide the student with the opportunity to set and work towards personal employment goals within an area of work that may be relevant to your future career choice.
