Aims

To provide a detailed analysis of the various laws relevant to commercial transactions and to examine the various remedies available to buyers and sellers.

Learning Outcomes

After completing the module the student should be able to:

- 1 Demonstrate a critical awareness and depth of understanding of the main policy and doctrinal issues in, and development of, commercial law.
- 2 Critically analyse and apply gained legal knowledge to complex problems, to reflect upon and evaluate this application and to draw logical reasoned conclusions that are supported by argument and legal authority.
- 3 Produce an accurate and up-to-date picture of commercial law from various sources, and to produce an overview of the relevant doctrinal and policy issues.
- 4 Critically evaluate and rank unfamiliar arguments in the light of established statute law, judicial decisions and authoritative legal commentary.
- 5 Use appropriate legal terminology and language.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:
