Aims

The module aims to provide students with the opportunity to engage in a work internship related to physical education, with particular reference to utilising work related skills developed over previous years. It will encourage students to apply skills in the workplace. This core employability and work related learning module offers you the opportunity to develop personally and professionally and underpin your practice with theory and practical knowledge.

You will be expected to plan, implement, analyse and reflect on a sustained PE placement and develop your professional and personal skills. You will complete

reflect on your placement to truly explore the sustained commitment required as a PE teacher

Learning Outcomes

After completing the module the student should be able to:

- 1 Demonstrate the use of reflective practice in different contexts and environments to enhance coaching performance.
- 2 Reflect upon work your related internship and critically interpret evidence gathered and experience gained to investigate personal and professional development

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Reflective practice	1	2
