SEP-PAR	PAR	September	12 Weeks

Aims and Outcomes

Aims	The aim of this module is to introduce students to a range of practical and theoretical models of leadership and management that are appropriate to a wide range of professional contexts. Students will be supported to analyse these theoretical underpinnings and carefully identify models and tools which fit with their personal and professional values whilst considering their impact on teams project and organisations. The module will contain a focus on interpersonal and supervisory relationships including practical experience of supervising others.
-------------	---

Learning Outcomes

After completing the module the student should be able to:

Code	Description
MLO1	Critically analyse concepts of leadership and management and their role in project, team and organisational development.
MLO2	Critically reflect on styles of leadership and management in the context of your own personal and professional values.
MLO3	Critically review a range of supervision and performance management models and tools whilst considering your own personal and professional values.
MLO4	Evaluate the importance of ethical and legal considerations within the role of leaders and managers.
MLO5	Demonstrate skills and behaviours to conduct an effective supervision meeting
