Aims and Outcomes

Aims	The aims of the module are to:Extend understanding of professional practices and enhance their knowledge of the sector they wish to enter.Enable the creation of an inspiring and practical career development plan that in-corporates professional, career, and academic ambitions.Explore current industry practices and standards to enable the students to create suitable and targeted promotional material.Prepare appropriate audition materials and provide opportunities to engage with simulated real life audition scenarios.
------	--

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Evidence a sophisticated and targeted knowledge and understanding of the industry.
MLO2	2	Demonstrate the ability to select and produce appropriate audition material and participate in a simulated audition scenario.
MLO3	3	Produce a comprehensive, considered, and realistic personal development and career plan.
MLO4	4	Demonstrate professional practices in all areas of work.

Module Content

Outline Syllabus	Audition Material and TechniqueStudents will develop and refine their practical skills in the preparation for, and the execution of professional auditions both in person and in self-tapes. This will include developing a knowledge of professional practices and (where appropriate) the selection of suitable audition material. The students will be assessed in a simulated audition situation. The students will record their chosen material in a professional studio for their show reel.Promotional MaterialStudents will be guided in the development of self-promotional material that meet industry standards. Building on from their previous studies at level 4 and 5 students will also follow a short lecture programme exploring. • Employment patterns • Academic and skills building opportunities • Agents, Casings, Auditions, Interviews • Contracts • Taxation - Self-employment/Employment • Working internationally • Self-management and personal development - managing your career
Module Overview	
Additional Information	The module provides the student with pre-professional knowledge of career and professional development skills and prepares them to showcase those skills to industry professionals.Assessment is via a career plan and participation in a specified audition scenario.
