## Aims and Outcomes

<b>Aims</b>	This module aims to make available to students a range of lectures and workshops on contemporary issues pertaining to Health & Social Studies. Issues may include current trends in society; areas of specialism within the Academic Team; areas of specialism of Guest Lecturers and/or the opportunity to explore wider module content in further detail. Students will be enabled to form a critical learning community in order to analyse issues so that a specialist knowledge base relevant to their areas of academic or professional practice can be developed.
