Credit Value: 15.00
Total Delivered Hours: 50.00
Total Learning Hours: 150
Private Study: 100

Delivery Options

Course typically offered: Semester 2

Component	Contact Hours
Lecture	28.000
Online	20.000
Tutorial	2.000

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	AS1	Essay 3,000 words.	100.0	

Aims

To introduce the student to the basic principles of health economics and enhance their knowledge, understanding and application of workplace encounters from an economic perspective.

Learning Outcomes

After completing the module the student should be able to:

- 1 Demonstrate an understanding of key concepts of economics and their relevance to health and health care.
- 2 Identify methods of clinical and economic evaluation within health and health care services.
- 3 Analyse the efficiency and equity objectives of the current health care system and how they apply to practice; priority setting and cost effective analysis..
- 4 Analyse inequality in the health status of individuals and groups and the utilization of health and healthcare services.
- 5 Critically explore opportunities for nursing entrepreneurship within the healthcare sector
