### Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Report	Report	Individual Report	100	

### Aims

*Most project managers have never been trained in problem solving, creative thinking techniques, and decision making. This module provides a focus on transferable soft skills. Through a focus on problem solving, this module allows students to investigate and diagnose using a range of applicable models project issues and solutions, that lead to improved project performance.*

### Learning Outcomes

After completing the module the student should be able to:

- 1 Demonstrate knowledge and expertise of traditional and contemporary approaches to management of projects.
- 2 Critically analyse project situations and project dynamics and their suitability.
- 3 Apply analytical and behavioural approaches to problem analysis within a project management context.

### **Learning Outcomes of Assessments**
