SEP-CTY	CTY	September	12 Weeks

Aims and Outcomes

Aims	To enhance the students theoretical knowledge of Advanced Healthcare practice

Learning Outcomes

After completing the module the student should be able to:

Code	Description
MLO1	Clearly articulate the strengths and benefits of advanced practice to the patient/client, the professionals and the organisation
MLO2	Critically appraise the skills and knowledge required by the Advanced Practitioner in relation to the population they serve
MLO3	Critically evaluate strategies used to influence and evaluate change in practice in light of legal, ethical and professional guidelines and other available evidence.
MLO4	Critically evaluate Advanced Practice competency frameworks.

Module Content

Outline Syllabus

The role, scope and preparation of the Advanced Practitioner. Professional judgement and decision making. Enhancing ethical reasoning. Competency frameworks. Professional regulation. Measuring the impact of advanced practice on patient care and service delivery. Legal issues in advanced practice. Collaborative practice.

Module Overview

Additional Information

This module has been developed to complement the advanced practice pathway. It provides the student with the opportunity to debate the issues surrounding the advanced practice agenda.1.The module learning outcomes and relevant subject benchmark statements are in line with the QAA framework for higher education qualifications in England, Wales and Northern Ireland. The module is aligned to the Level 7 descriptors for a Level 7 Higher Education Qualification.2.The module is delivered over one semester. September and January intakes3.The criteria for admission to the module is that candidates are currently working as a registered professional in a relevant area of practice. Ideally candidates will have studied at degree (level 6) however if this is not the case the applicants skills and professional experience will be discussed to allow the module leader to assess capability to study at level 7.4.The final award is a Continuing Professional Development -Advanced Health Care Practice.5.The students have access to the Virtual Learning Environment (Canvas) and the University's other range of electronic support such as access to the electronic library facilities. The students also have access to the module leader through phone contact, emails and face to face meetings. A module guide is also provided to identify the wider range of support available.6.The programme is assessed and run in line with the Academic Framework.https://www.ljmu.ac.uk/about-us/public-information/academic-quality-and-regulations/academic-framework .7 Attendance is required throughout the module and will be monitored as required by HEE. 8.Module written in 2016.Reviewed in 20219.The methods for improving the quality and standards of learning are as follows: ☞ Continuous Monitoring and Enhancement ☞ Feedback from the students and Boards of Study ☞ Reports from External Examiner ☞ Ensuring the module reflects the values of the current teaching and learningstrategy10. This is a stand-alone CPD. An appropriately qualified external examiner will beselected from the MSc Advanced Practice team of externals.Programme code 35814
