

Summary Information

Module Code	7000PPADV
Formal Module Title	Pathophysiology Advanced Practice
Owning School	Nursing and Allied Health
Career	Postgraduate Taught
Credits	10
Academic level	FHEQ Level 7
Grading Schema	40

Teaching Responsibility

LJMU Schools involved in Delivery
Nursing and Allied Health

Learning Methods

Learning Method Type	Hours
Lecture	10
Online	78
Tutorial	10

Module Offering(s)

Display Name	Location	Start Month	Duration Number Duration Unit
JAN-CTY	CTY	January	12 Weeks
SEP-CTY	CTY	September	12 Weeks

Aims and Outcomes

Aims	To equip the Advanced Practitioner with a depth of knowledge relating to the pathophysiology of common adult disease or mental disorder processes.
------	--

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Demonstrate a higher level of knowledge in relation to the anatomical, physiological and pathological mechanisms
MLO2	2	Critically examine the current evidence base of major disease process, aetiology, pathophysiology and pharmacology

Module Content

Outline Syllabus	Anatomy, Physiology and pathophysiology of major systems. Respiratory, cardiovascular, gastrointestinal, Renal, Haematological, Endocrine and immune. Neurological and Mental disorder processes.
Module Overview	This module aims to provide the necessary skills and knowledge relating to adult specialist clinical pathways including mental health.
Additional Information	This module has been designed to interface with all adult specialist clinical pathways including mental health. The module learning outcomes and relevant subject benchmark statements are in line with the QAA framework for higher education qualifications in England, Wales and Northern Ireland. The module is aligned to the Level 7 descriptors for a Level 7 Higher Education Qualification. The module is delivered over one semester. The criteria for admission to the module is that candidates are currently working as a registered professional in a relevant area of practice. Ideally candidates will have studied at degree (level 6) however if this is not the case the applicants skills and professional experience will be discussed to allow the module leader to assess capability to study at level 7. The final award is a Continuing Professional Development – Pathophysiology- Advanced Practice. The students have access to Canvas and the University's other range of electronic support such as access to the electronic library facilities. The students also have access to the module leader through phone contact, emails and face to face meetings. A module guide is also provided which guides students to the wider range of support available. The programme is assessed and run in line with the Academic Framework 2014-15 http://www.ljmu.ac.uk/eaqs/121984.htm . Attendance is required throughout the module and will be monitored as required by HENW. Module written in 2014. The methods for improving the quality and standards of learning are as follows: <ul style="list-style-type: none"> • Annual monitoring Review • Feedback from the students and Boards of Study • Reports from External Examiner • Ensuring the module reflects the values of the current teaching and learning strategy This is a stand-alone CPD. An appropriately qualified external examiner will be selected from the team for the MSc Advanced Practice.

Assessments
