Total Learning Hours: 100 **Private Study:** 80

Delivery Options

Course typically offered: Runs Twice - S1 & S2

Component	Contact Hours
Lecture	10
Tutorial	10

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Reflection	reflection	Critical Reflection utilising a video recording of an advanced practitioner/patient consultation: 100%	100	

Competency	Practice
-------------------	----------

Aims

To enable the advanced practitioner to critically analyse and synthesize core theoretical frameworks that underpin therapeutic communication and patient consultation and to effectively apply the therapeutic use of self within their clinical context.

Learning Outcomes

After completing the module the student should be able to:

- 1 Critically explore models of and approaches to therapeutic communication within the advanced practitioner's clinical situation.
- 2 Critically debate the concepts and theoretical basis of the advanced practitioner/patient consultation.
- 3 Critically analyse a range of approaches to health promotion and brief intervention.
- 4 Demonstrate a range of therapeutic communication and consultation skills within the advanced practitioner role.
- 5 Apply critical reflective skills and self awareness by appraising a personal advanced practitioner/patient consultation.
- 6 Demonstrates a client centred approach which promotes autonomy and participation in the clinical decision making process.
- 7 Critically explores how clients diversity and cultural beliefs/norms impact on the therapeutic relationship.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

critical reflection	1	2	3	4	5	6	7
---------------------	---	---	---	---	---	---	---

Practice

Outline Syllabus

Concepts of self and self awareness

Critical reflection

Models of consultation

Therapeutic relationship and underpinning theoretical concepts.

Interpersonal communication.

Barriers to effective therapeutic communication.

Handling emotions and dealing with difficult situations.
