Academic Level: FHEQ7 **Credit Value:** 10.00 **Total Delivered Hours:** 30.50
Total Learning Hours: 100 **Private Study:** 69

Delivery Options

Course typically offered: Standard Year Long

Component	Contact Hours
Online	30.000

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Portfolio	AS2	Portfolio of practice activities	75.0	
Exam	AS1	On-line MCQ Examination	25.0	0.50

Aims

To apply a knowledge of cancer and its treatment to pharmaceutical care for patients

Learning Outcomes

After completing the module the student should be able to:

- 1 Demonstrate proficiency in providing pharmaceutical care for patients with cancer

- 2 Apply knowledge to anticipate and manage the side effects of cancer treatments
- 3 Show an understanding of other requirements of patients with cancer
- 4 Integrate the results of clinical trials and apply them to daily practice
- 5 Be capable of providing an efficient pharmaceutical service for patients and apply the statutory framework in which these services are offered

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Portfolio	1	2	3	4	5
MCQs	2	3			

Outline Syllabus

- Monitoring patients*
- Managing toxicities*
- Administration of chemotherapy*
- Infection*
- Symptom control*
- Oncologic emergencies*
- Technical aspects*
- Clinical trials*
- Prescription review*
- Statutory framework*

Learning Activities

The module will be delivered by distance learning through the University's Blackboard platform. The module comprises 10 sections. Each section has a set of objectives. Students will receive background information relating to each section's set of objectives and appropriate additional reading and web-based links will be provided.
