

Acute Paediatric Care 2

Module Information

2022.01, Approved

Summary Information

Module Code	7002APNPAC
Formal Module Title	Acute Paediatric Care 2
Owning School	Nursing and Allied Health
Career	Postgraduate Taught
Credits	20
Academic level	FHEQ Level 7
Grading Schema	50

Teaching Responsibility

LJMU Schools involved in Delivery
Nursing and Allied Health

Learning Methods

Learning Method Type	Hours
Lecture	30
Placement/Practice	150
Seminar	30

Module Offering(s)

JAN-CTY	CTY	January	28 Weeks

Aims and Outcomes

Aims	To enable students to further develop the acquired advanced clinical knowledge to deliver care to unwell infants, children and young people in acute care settings.
------	---

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Critically analyse the advanced physiological and pathological mechanisms that result in body system failure in acutely unwell infants, children and young people, including Gastroenterological, Haematological and Dermatological problems, Burns and Trauma
MLO2	2	Critically analyse and synthesise the history, physical examination and relevant diagnostic tests, procedures and pharmacotherapeutics in order to assess, diagnose and manage the advanced care of acutely unwell infants, children and young people including those who have Gastroenterological, Haematological and Dermatological problems, Burns and Trauma.
MLO3	3	Synthesise child protection and safeguarding principles with age-specific advanced management of unwell infants, children and young people in acute care settings, including those who have Gastroenterological, Haematological and Dermatological problems, Burns and Trauma,
MLO4	4	Critically evaluate the research evidence base regarding the assessment, diagnosis and advanced management of acutely unwell infants, children and young people including those who have Gastroenterological, Haematological and Dermatological problems, Burns and Trauma.
MLO5	5	Critically reflect on own personal and professional development and progression towards the role of advanced practitioner.

Module Content

Outline Syllabus	Cardiac surgical issues Gastroenterology - medical and surgical issues Diagnostics: CT/MRI/Ultrasound scans Neurology, Epilepsy and Status Oncology Respiratory therapies and adjuncts Haematology and coagulation Gastroenterology - surgical conditions and treatments Musculoskeletal system - upper and lower limb basics Advanced communication skills, delivering bad news and conflict resolution Paediatric trauma, burns and near drowning in children and MOSF Dermatology - the basics Safeguarding Paediatric acute and critical care case studies
Module Overview	Acute Care Pathway: The clinical experience for this module consists of 150 hours of paediatric or neonatal practice to include 25 hours in a related sub-speciality. This will be in an appropriate setting with a relevant registered health care professional. The assessment of clinical practice will be evidenced by successful achievement of the programme competencies via the Practice Assessment Document. The Practice Assessment Document must include completion of two of the following: Directly Observed Procedural Skills (DOPS) Mini-Clinical Evaluation Exercise (mini-CEX) Case-Based Discussions (CBD.)
Additional Information	The clinical experience for this module consists of 150 hours of precepted paediatric or neonatal practice to include 25 hours in a related sub-speciality. This will be in inappropriate setting with a relevant registered health care professional. The assessment of clinical practice will be evidenced by successful achievement of the programme competencies via the Practice Assessment Document. The Practice Assessment Document must include completion of any 6 of the following: Directly Observed Procedural Skills (DOPS), Mini-Clinical Evaluation Exercise (mini-CEX) and Case-Based Discussions (CBD.) Ongoing formative feedback will be provided to students by the module team on the basis of two clinical consultation write ups submitted by the student. Assessment is the responsibility of the clinical preceptor; unless competence is demonstrated in practice credit will not be released.

Assessments

Assignment Category	Assessment Name	Weight	Exam/Test Length (hours)	Module Learning Outcome Mapping
Centralised Exam	Multiple Choice Question Exam	80	3	MLO1, MLO2, MLO3, MLO4
Reflection	Clinical Reflection 750 words	20	0	MLO2, MLO5
