SEP-CTY	CTY	September	12 Weeks

Aims and Outcomes

Aims	Aims of this module are to develop a critical understanding of the principles and processes of research ethics and governance
------	-------------------------------------------------------------------------------------------------------------------------------

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Critically evaluate research governance processes
MLO2	2	Critically reflect upon ethical principles in research

Module Content

Outline Syllabus	History of research ethics Principles of ethics applied to undertaking research Current requirements in ethics and governance processes for research
Module Overview	This module aims to develop your critical understanding of the principles and processes of research ethics and governance.
Additional Information	The assessment has two options relating to student's research needs 1. Oral presentation of ethical issues surrounding the student's project proposal - 10 minutes 2. Oral presentation of ethical issues identified within an existing ethics application - 10 minutes All students will be required to complete an online ethics exam - open book - This will be pass/fail The following variance to the Academic Framework was approved 08/05/2022; Module 7002MRESHW requires both assessments to be passed (the examination assessment is marked as fail or pass) in order to successfully complete the module. Ethical competence will be assessed via an online ethics test (open book). This will be marked as pass/fail and it must be passed in order to successfully complete the module.
