Module Content

Outline Syllabus	Models of leadership in educationLeadership values The leadership mindsetThe capabilities and qualities required for academic leadershipEmotional intelligence The art of influencing Situational judgementLeading by coachingPersuasive communicationManaging resistance and conflict
Module Overview	
Additional Information	Academic leadership is integral to the delivery of high quality learning and teaching at the module, programme and subject level. The module focuses on an analysis of leadership skills for the enhancement of academic practice within a discipline. Participants will be provided with an opportunity to critically evaluate their leadership approaches in relation to building a team. The role of coaching and mentoring will also be explored with particular emphasis on the correct application of the approaches for team development.
