Aims and Outcomes

Aims	Support the development of self-directed and in-depth body of work appropriate to the student's concerns. Enable students to plan, organise and deliver a major project, through effective time and resource management, demonstrating a high level of critical engagement, creative achievement and appropriate technical ability. Develop the students' ability to speak coherently about their work and enhance their capacity to engage focussed research and scholarly evaluation.

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Explore and apply a contemporary urban design theme through in-depth research and intelligent development of a critical argument or creative piece of work.
MLO2	2	Evaluate the results of their individual research through engaging in critical debate about their work to their peers and assessors.
MLO3	3	Coherently present a conclusive and substantial body of specialist research either as scholarly and illustrated work or other form developed with the agreement of the Assessment Panel.

Module Content

Outline Syllabus	Prior to commencing this module each student will have proposed a topic of enquiry and research methodology and had it approved in the Major Project Proposal Report component of preceding module. In this module the students will research, critically evaluate and present their chosen topic enquiry.
