Team	Leader
Mark Woods	Y

Academic Level: FHEQ7
Credit Value: 20
Total Delivered Hours: 64
Total Learning Hours: 200
Private Study: 136

Delivery Options

Course typically offered: Standard Year Long

Component	Contact Hours
Lecture	28
Online	5
Seminar	12
Tutorial	16

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Exam	AS1	Examination	80	3
Presentation	AS2	Evidence-based practice presentation (20 minutes)	20	
Practice	AS3	Clinical assessment of practice: must be passed	0	

Aims

To prepare students to assess, diagnose and manage the variety of well and ill child issues that commonly present among school-agers and adolescents in ambulatory settings.

Learning Outcomes

After completing the module the student should be able to:

- 1 Demonstrate depth of knowledge in the assessment, diagnosis and management of common conditions affecting school-agers and adolescents.
- 2 Synthesise child protection principles and the safeguarding agenda with age-specific assessment and management of school-agers and adolescents.
- 3 Critically examine the evidence base relating to common health problems and child protection among school-agers and adolescents.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

EXAM	1	2	
Presentation	3		
Clinical hours pass/fail	1	2	3

Outline Syllabus

Syncope and chest pain
Infectious disease and microbiology
Diabetes
Asthma and food allergy
Childhood cancers
Headache and migraine
STIs and Fraser Guidelines
Adolescent Contraception
Obesity
Acne
Overuse syndromes, SCFE, adolescent athletes
Safeguarding
CAMHS
Delayed and precocious puberty
Growth and short stature
Constipation and UTI

Learning Activities

Interactive lectures, seminars, tutorials; on-line discussion boards; problem-based learning exercises; evidence-based practice presentations; self-directed and reflective learning; video streaming; reflective practice; clinical supervision and case presentations.

Notes

The clinical experience for this module consists of 165 hours of precepted practice (pass/fail) with a relevant, registered health care professional in an appropriate clinical setting. The assessment of practice will be the responsibility of the clinical preceptor; unless competence is demonstrated in practice, credit will not be released.
