Title: DEVELOPING DISTRICT NURSING
Status: Definitive
Code: **7010PCCOMM** (106913)
Version Start Date: 01-08-2014

Owning School/Faculty: Centre for Public Health
Teaching School/Faculty: Centre for Public Health

Team	Leader
Sally Sprung	Y

Academic Level: FHEQ7
Credit Value: 30.00
Total Delivered Hours: 60.30
Total Learning Hours: 300
Private Study: 239

Delivery Options

Course typically offered: Semester 2

Component	Contact Hours
Lecture	36.000
Seminar	4.000
Tutorial	20.000

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	AS1	4,000 word Learning agreement	70.0	
Exam	AS2	Viva	30.0	0.30

Aims

The aim of this module is to enable the student to develop a critical awareness and knowledge relating to the development of specialist district nursing practice. This will enable them to develop the knowledge and skills to become an effective leader who can creatively and strategically manage the care of individuals and groups within the primary care setting

Learning Outcomes

After completing the module the student should be able to:

- 1 Critically evaluate how the district nurse can contribute to and also lead strategies designed to promote health and prevent disease in individuals and groups
- 2 Synthesise a critical understanding of leadership and management skills required to lead and manage a team.
- 3 Appraise the management of programmes of care for patients with chronic disease and long term conditions, and the role of the patient as partner and/or expert
- 4 Justify and evaluate with confidence the analysis and development of the role of the District Nurse in providing high quality, cost effective and equitable evidence-based care management as appropriate.
- 5 Synthesise effective collaboration and partnership working within multi-disciplinary/multi-agency/patient/care contexts.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

ESSAY	1	2	3	5
VIVA	4			

Outline Syllabus

Complex Assessment. Care Processes. Health Promotion. Management of Long Term Conditions, People Management and Team Dynamics. Line Management Responsibilities. Pain and Symptom Management. NHS Policy. Care Management. Case Management. Collaboration. Accountability. Legislation. Managing Budgets. Service Development and Delivery. Business Planning. Documentation. Notes

This module will enable the student to be able to develop their role as a District Nurse who can manage care to a high quality standard.

The practice evidence tool must be completed and passed by the end of this module in order for the student to gain the academic award and relevant professional, recordable qualification.

Viva and coursework must both be passed to successfully complete this module
