

Liverpool John Moores University

Title: PROFESSIONAL TRAINING FOR RESEARCHERS
Status: Definitive
Code: **7019PQHEA** (118474)
Version Start Date: 01-08-2014

Owning School/Faculty: Nursing and Allied Health
Teaching School/Faculty: Nursing and Allied Health

Team	Leader
Philip Carey	Y

Academic Level: FHEQ7
Credit Value: 10.00
Total Delivered Hours: 20.00
Total Learning Hours: 100
Private Study: 80

Delivery Options

Course typically offered: Semester 1

Component	Contact Hours
Lecture	10.000
Seminar	8.000
Tutorial	2.000

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Reflection	plan	Students will submit a short (2000word) plan that outlines their approach to conducting their research. The nature of this plan will be determined by the students research approach and topic and will relate to the proposal that they have submitted for ethical approval. The plan will identify opportunities for dissemination of research findings.	100.0	

Aims

To enable the student to manage the research process

Learning Outcomes

After completing the module the student should be able to:

- 1 Evaluate and prepare for the various elements required to conduct a research project
- 2 Understand academic conventions relating to the production of a thesis
- 3 Explore processes for the dissemination of research findings

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

research plan 1 2 3

Outline Syllabus

Project planning and management; research supervision; revision of research ethics and ethical approval; risk identification and assessment; thesis writing; research dissemination (writing for publication and presentation)

Learning Activities

A combination of lectures, seminars and tutorials will be used to develop students understanding of the essential protocols and processes involved in the conduction of research.
