Report

Outline Syllabus

The entire Module is completed in an agency, following an individualised practice curriculum that reflects the individual Practice Learning Agreement that is produced at an initial meeting of the Practice Educator, Tutor and Student.

Learning Activities

Learning is facilitated through the Practice Educator supervising the student on placement and this is complemented by lecture and discussion in university based sessions. The student is inducted to the agency, allocated work, participates in supervision sessions, consults with and observes colleagues and obtains feedback on their practice from service users.

Notes

This module is designed to enable the student to develop their social work practice skills. The Placement module provides an opportunity for the student to meet the requirements of the National Occupational Standards.
