### Teaching Responsibility

LJMU Schools involved in Delivery
Pharmacy & Biomolecular Sciences

### Learning Methods

Learning Method Type	Hours
Lecture	1
Workshop	1

### Module Offering(s)

Offering Code	Location	Start Month	Duration
SEP-CTY	CTY	September	40 Weeks

### Aims and Outcomes

<b>Aims</b>	To assess students' ability to recall and apply relevant UK law as it applies to pharmacy, including in scenarios where ethical dilemmas are presented
-------------	--

### Learning Outcomes

After completing the module the student should be able to:

Code	Description
MLO1	Apply professional judgement in exemplar scenarios, taking legal and ethical reasoning into account
MLO2	Demonstrate a clear understanding of their legal responsibilities under equality and human rights legislation
MLO3	Take responsibility, in exemplar scenarios, for the legal, safe and efficient supply, prescribing and administration of medicines (including controlled drugs) and devices
MLO4	Apply relevant legislation and ethical decision-making related to prescribing, including remote prescribing in exemplar scenarios
MLO5	Take responsibility for people's health records, including the legality, appropriateness, accuracy, security and confidentiality of personal data through exemplar scenarios

### Module Content

Outline Syllabus
The syllabus for level 7 MPharm can be viewed in the 7000MPHARM module

## Module Overview

This module is an assessment of level 7 pharmacy students' knowledge and application of pharmacy law in practice

## Additional Information

This module is for summative assessment only. All learning, formative assessment and feedback for this assessment are included in the content module 7000MPHARM, underpinned by learning from 6000MPHARM, 5000MPHARM and 4000MPHARM.

Students will take an invigilated test of their knowledge and understanding of pharmacy law and ethics.

To ensure the programme aligns to the GPhC commitment to patient safety, any serious concerns that are identified within the assessment will be reviewed by a panel of pharmacists. If the concern raised is deemed to pose a risk to patient safety, the student will FAIL the assessment, even if they have achieved the required pass score.

Students must be successful in the module to progress to the next level of study.

No compensation, no trailing.

## Assessments

Assignment Category	Assessment Name	Weight	Exam/Test Length (hours)	Learning Outcome Mapping
Test	Pharmacy Law and Ethics	100	90	MLO1, MLO2, MLO3, MLO4, MLO5
