Module Overview	
Additional Information	<p>SIS code: 36736 Award: 30 credit CPD Mode of delivery: online The final award is a Continuing Professional Development Violence Prevention, Reduction and Public Health. The approved intake month is September. Applicants will normally be expected to have a first degree to enrol on this programme. Evidence of equivalent learning gained through work may also be considered if applicants lack the above qualification. The Programme Leader must also be satisfied that applicants have the potential to study successfully at Masters' level and will benefit from the programme. Any applicants who do not match the above criteria may be asked to complete a short essay to determine their capacity to study at M level.</p> <p>Student support: Students will be given access to LJMU's student support services and directed to these when necessary. This will include academic support from the module lead, LJMU library services, academic writing support and pastoral support via student support and well-being. Students will be supported academically by an academic supervisor and a workplace mentor, normally a senior colleague, or line manager, identified by the Student. Mentors will be sent a programme handbook detailing their responsibilities and they will be required to sign the learner's learning contract. Mentors will also be invited to attend an online session explaining the module, their role and what is expected of the student at the beginning of the programme. Academic mentors will be appointed by the module leader and students will have access to them using the MyTutor booking system and this support will be delivered via MS Teams. In addition, students will be allocated a personal tutor who will be the point of contact in the event of complaints, grievances and appeals and these will follow standard university procedures. A student representative will be appointed at the beginning of the CPD and student issues will be considered alongside other programmes at a Board of Study. The student representative will be invited to join the Board using MS Teams or submit feedback in advance. The module lead will provide personal tutoring for all CPD students for the duration of their programme. Students can book 1-1 sessions via the 'see my tutor' link provided on the CANVAS page for the module. Informal student complaints will, in the first instance, be dealt with on an informal basis via the Programme Lead who will seek to rectify the issue. Students wishing to make a formal complaint or those who feel their initial informal complaint is not fully addressed will be directed to LJMU student complaints procedures and will be advised to seek advice and support from Student Support and Well-being. Any student appeals will follow the LJMU student appeals process and students will be advised to contact the Programme Lead who will investigate/escalate their concerns following the LJMU appeals procedure.</p> <p>Quality Assurance: The programme is assessed and run in line with the Academic Framework, <a href="https://www.ljmu.ac.uk/about-us/public-information/academic-quality-and-regulations/academic-framework">https://www.ljmu.ac.uk/about-us/public-information/academic-quality-and-regulations/academic-framework</a>. The programme has taken account of the appropriate levels of the Frameworks for Higher Education Qualifications of UK Degree-Awarding Bodies (FHEQ) and is aligned to level 7 descriptors. This is reflected in the module learning outcomes. Student evaluation will be solicited via an end of CPD student evaluation on CANVAS. A mid programme evaluation will be held using Padlet software between Units 1 and 2. This has proved effective on other programmes for identifying mid-semester tweaks to delivery and content. The external examiner will review annually with the programme team that:</p> <ul style="list-style-type: none"> <li>the assessment process measures student achievement rigorously and fairly against the intended outcomes of the programme and is conducted in line with University policies and regulations</li> <li>the academic standards are comparable with those in other UK higher education institutions</li> </ul>
