

Liverpool John Moores University

Title: ADVANCED CLINICAL PHARMACY PRACTICE
Status: Definitive
Code: **7028CPPHAR** (120422)
Version Start Date: 01-08-2018

Owning School/Faculty: Pharmacy & Biomolecular Sciences
Teaching School/Faculty: Pharmacy & Biomolecular Sciences

Team	Leader
Gareth Nickless	Y
Philip Newman	
Elizabeth Warren	
Fiona Leon	
Fiona McFarlane	

Academic Level: FHEQ7 **Credit Value:** 20 **Total Delivered Hours:** 40
Total Learning Hours: 200 **Private Study:** 160

Delivery Options

Course typically offered: Standard Year Long

Component	Contact Hours
Placement	20
Workshop	20

Grading Basis: 40 %

Assessment Details

Category	Short Description	Description	Weighting (%)	Exam Duration
Presentation	Pres.	Case presentation	50	
Report	Pat. Cons.	Patient Consultation	50	

Competency	Pharmacy Practice
-------------------	-------------------

Aims

This module aims to build on the knowledge and skills acquired through completion

of the year one modules and to develop the students' ability to optimise medicines for complex patients.

Learning Outcomes

After completing the module the student should be able to:

- 1 Demonstrate a critical approach to self-directed learning by independently developing healthcare / clinical pharmacy knowledge relevant to their practice
- 2 Demonstrate an understanding of the multi-disciplinary nature of healthcare, comparing and contrasting the challenges encountered by different healthcare professionals in their practice
- 3 Implement evidence based medicine and current "best practice" in the management of individual patients
- 4 Recognise the gaps / limitations in the evidence base for conditions commonly encountered in practice and make effective decisions to overcome these
- 5 Demonstrate awareness of the local and national targets assess their impact on the requirements of pharmacy services
- 6 Demonstrate consideration of patients' beliefs when promoting medicines adherence

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

Case presentation	2	3	4	5	
Patient Consultation	2	3	4	6	
Pharmacy Practice	1	2	3	4	5

Outline Syllabus

- *Clinical governance*
- *Funding of drugs / services in the NHS*
- *Local and national targets / standards affecting pharmacy services – e.g. RPS hospital standards, medicines management standards for CQC and NHSLA*
- *Health coaching*

Learning Activities

Workshops, workplace-based learning, self-directed study

Notes

This module extends clinical knowledge and skills to apply it to more complex patients and settings.
