Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	AS1		100	

Aims

- 1. To introduce the basics of the global financial system*
- 2. To introduce the issue of systematic risk in global financial system*
- 3. To introduce the global nature of the legal structuring and regulation of the global financial system and its financial organisations*
- 4. To consider the adequacy of the global governance of the global financial system*
- 5. To consider the adequacy of the global governance of global financial organisations*

Learning Outcomes

After completing the module the student should be able to:

- 1 Critically evaluate, analyse and assess the nature of the legal framework, structure and regulation impacting on businesses, corporations and organisations from an international perspective
- 2 Develop through the core and option modules a more in depth knowledge and understanding which is sufficient to critically evaluate key issues and current developments in the areas of international business corporate and finance law
- 3 Have a systematic understanding and critical awareness of current problems and contemporary issues and/or insights into the changing nature of UK and international organisations operating within a multi national framework
- 4 Develop an ability to exercise initiative when faced with novel and/or complex problem situations

Learning Outcomes of Assessments
