

Improving Healthcare Practice

Module Information

2022.01, Approved

Summary Information

Module Code	7107CPPHAR
Formal Module Title	Improving Healthcare Practice
Owning School	Pharmacy & Biomolecular Sciences
Career	Postgraduate Taught
Credits	20
Academic level	FHEQ Level 7
Grading Schema	50

Teaching Responsibility

LJMU Schools involved in Delivery
Pharmacy & Biomolecular Sciences

Learning Methods

Learning Method Type	Hours
Online	26
Seminar	4
Tutorial	5
Workshop	7

Module Offering(s)

Display Name	Location	Start Month	Duration Number Duration Unit
JAN-CTY	CTY	January	28 Weeks

Aims and Outcomes

Aims	The aim of the module is to enable the student to develop skills in research methods and expertise in the evaluation, delivery and development of an area of healthcare practice/service provision to improve standards. This module includes 10 credits of research methods to support student's in developing research skills necessary to complete an MSc dissertation.
------	--

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Evaluate their practice or service provided to identify an area for improvement, and develop a project proposal to address the gap(s) in practice.
MLO2	2	Choose and adopt a research method(s) to deliver on the project aims and objectives (and audit standards and criteria, if applicable)
MLO3	3	Demonstrate ethical considerations, research governance and risk management in their chosen methodology
MLO4	4	Analyse and report results and discuss project findings in the context of existing knowledge
MLO5	5	Develop an action plan on how to implement recommendations for improving practice or service provision

Module Content

Outline Syllabus	<ul style="list-style-type: none"> • Defining a research problem • Designing a research project • Research governance and ethics • Clinical audit and service evaluation • Qualitative and quantitative research methods • Data analysis and statistics • Action planning • Report writing • Dissemination of research
Module Overview	This module covers systems-level management of clinical practice, including how healthcare services are organised and delivered.
Additional Information	This module aims to enable students to develop the appropriate skills and expertise to facilitate practice based research and audit/evaluation of practice/service provision.

Assessments

Assignment Category	Assessment Name	Weight	Exam/Test Length (hours)	Module Learning Outcome Mapping
Report	Report & Action Plan	100	0	MLO1, MLO2, MLO3, MLO4, MLO5
