

## Prescribing Effectively in Practice

### Module Information

2022.01, Approved

#### Summary Information

Module Code	7115CPPHAR
Formal Module Title	Prescribing Effectively in Practice
Owning School	Pharmacy & Biomolecular Sciences
Career	Postgraduate Taught
Credits	20
Academic level	FHEQ Level 7
Grading Schema	50

#### Teaching Responsibility

LJMU Schools involved in Delivery
Pharmacy & Biomolecular Sciences

#### Learning Methods

Learning Method Type	Hours
Lecture	1
Placement/Practice	90
Tutorial	2
Workshop	12

#### Module Offering(s)

Display Name	Location	Start Month	Duration Number Duration Unit
SEP-CTY	CTY	September	28 Weeks

#### Aims and Outcomes

Aims	The aim of this module is to develop pharmacists to facilitate effective prescribing considering clinical, ethical and legal factors, and prescribing in a wider context if undertaken with modules 7111CPPHAR (Therapeutics in Specialist Clinical Practice) and 7114CPPHAR (Clinical Skills), students can gain a Certificate in Independent Prescribing. The module requires students to demonstrate learning outcomes, via signoff by their Designated Medical Practitioner and through portfolio entries and other activities. Students have a maximum of 3 attempts over a maximum period of 12 months after achieving the module pass mark in which to demonstrate that they meet these learning outcomes.
------	---

**After completing the module the student should be able to:**

### Learning Outcomes

Code	Number	Description
MLO1	1	Demonstrate effective communication and person-centred care in patient care in an interprofessional team
MLO2	2	Choose, or make recommendations on the most appropriate treatment by applying clinical knowledge to critically review patient care through use of appropriate information sources
MLO3	3	Demonstrate safe and cost effective prescribing taking into account legal, ethical and professional considerations in the context of local and national guidance
MLO4	4	Appraise own competence and limitations as a prescriber and formulate a development plan to address weakness identified
MLO5	5	Keep appropriate records and work within relevant clinical governance frameworks

### Module Content

Outline Syllabus	Consultation, decision-making, assessment and review Influences on and psychology of prescribing Prescribing in a team context Applied therapeutics Evidence-based practice and clinical governance Legal, policy, professional and ethical aspects Prescribing in a public health context
Module Overview	This module aims to prepare Pharmacists for prescribing practice and is supported by a Designated Medical Practitioner to hone prescribing skills. The module facilitates effective prescribing considering clinical, ethical and legal factors.
Additional Information	This module aims to prepare pharmacist for prescribing roles. If undertaken with module 7111CPPHAR & 7114CPPHAR, students can gain a Certificate in Independent Prescribing.

### Assessments

Assignment Category	Assessment Name	Weight	Exam/Test Length (hours)	Module Learning Outcome Mapping
Reflection	Critical reflection	100	0	MLO1, MLO2, MLO3, MLO4, MLO5
Competency	Pharmacy Practice			MLO1, MLO2, MLO3, MLO4, MLO5
