### Aims

*To enable students to have a critical understanding of the nature of Art & Design in schools and colleges.*  
*To enable students to analyse how Art & Design is taught in the 11-16 and/or 14-19 sectors.*  
*To enable students to investigate the development of learners' understanding and*

*barriers to learning Art & Design.*

*To enable students to critically evaluate strategies which promote learning in Art & Design.*

## **Learning Outcomes**

After completing the module the student should be able to:

- 1 Demonstrate systematic knowledge and understanding of fundamental concepts in Art and Design as they relate to the 11-16 and/or 14-19 sectors.
- 2 Critically analyse learners' conceptual understanding of Art and Design
- 3 Interrogate research literature to provide a critique of pedagogy in Art and Design
- 4 Articulate complex ideas using appropriate language and style

## **Learning Outcomes of Assessments**

The assessment item list is assessed via the learning outcomes listed:

Poster Presentation	1	2	3	4
---------------------	---	---	---	---

## **Outline Syllabus**

*The National Curriculum and frameworks and initiatives relating to Art & Design in the 11-16 and/or 14-19 sectors.*

*Approaches to pedagogy in Art & Design.*

*Current research and policies on learning, teaching and assessment applicable to Art & Design in the 11-16 and/or 14-19 sectors.*

*Strategies/activities to use ICT to enhance teaching and learning in Art & Design.*

*Effective learning within Art & Design.*

*Issues in development of learning in secondary learners with reference to Art & Design.*

*Strategies for investigating and critically evaluating research literature.*

*Carrying out small-scale investigation into learning.*

## **Learning Activities**

Key theoretical/policy perspectives, along with an overview of learner development and individual needs will be addressed in lectures.

Seminars and workshops/practical activities will provide opportunities to evaluate learning, teaching and assessment activities within Art & Design.

A series of school based activities will enable students to observe, practice, evaluate and reflect upon different approaches and strategies for teaching and assessing Art & Design.

Support will be provided to enable students to develop their critical, analytical and evaluative skills in relation to their own approaches to learning, teaching and assessment within Art & Design and to review subject focused literature.

Online activities will support and enhance student learning and engagement.

## **Notes**

The module uses a critical perspective to develop understanding of learning and teaching Art & Design. This module will enable students to practice and critically analyse and evaluate different strategies and approaches to learning, teaching and assessment in Art & Design related to theoretical input for the 11-16 and/or 14-19 age range.
