Offering Code	Location	Start Month	Duration
SEP-MTP	MTP	September	28 Weeks

Aims and Outcomes

Aims	To provide opportunities for professionals in education to expand knowledge and understanding of research methods in educational contexts.To support professionals' development to deliver a research project within an area of identified interest.To develop, implement and complete an in depth research-based investigation of a defined area that has relevance to the professional education context.
-------------	---

Learning Outcomes

After completing the module the student should be able to:

Code	Description
MLO1	Manage issues of research ethics and power in accordance with educational research ethical guidelines.
MLO2	Critically analyse key theoretical frameworks, policy and concepts in the literature around a chosen education focus.
MLO3	Apply appropriate methodologies and research methods to an area of professional inquiry.
MLO4	Synthesise data with the existing theoretical and evidence base to inform practice.

Module Content

Outline Syllabus

Individually negotiated, but participants are encouraged to engage with appropriate research events to be selected from E-Learning support, action learning sets or faculty research events.

Module Overview

This module provides an opportunity to carry out a piece of in-depth research of relevance to the educational context, largely independently but with regular individual support from an assigned supervisor. It aims to:

provide opportunities to expand your knowledge and understanding of research methods in educational contexts

enable you to develop, implement and complete an in-depth research-based investigation of a defined area that has relevance to the professional education context

support you in the delivery of your research project

Additional Information

The module is a core activity for all applicants and provides a grounding in theory, research and practice. It provides an opportunity to carry out a piece of in-depth research of the relevance to the educational context, largely independently but with regular individual support from an assigned supervisor.
