Aims and Outcomes

Aims	The aim of this module is to equip the student with advanced technical principles in contemporary performing arts practice.
------	---

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Evaluate and implement a wide range of advanced physical, vocal and other acting techniques and engage in sophisticated judgement in their application.
MLO2	2	Develop methods for recording and analysing the acting and rehearsal process and apply documentation to disseminate your practice.
MLO3	3	Systematically gather evidence and evaluate its significance and propose conclusions.
MLO4	4	Collaborate on and communicate creative and dramaturgical intentions in a complex, sophisticated professional working environment.
MLO5	5	Engage, using sophisticated strategies, in the creative process recognizing a wide range of approaches.

Module Content

Outline Syllabus	The module will examine contemporary and historical practitioners and practice and apply insights to personal practice. The module will consider key contextual perspectives and aesthetic traditions, incorporating physical and vocal approaches in order to develop a methodological strategy for creating and realising works. Students are expected to integrate research in their practice documenting and disseminating their technical and practical knowledge.
