SEP-PAR	PAR	September	12 Weeks

Aims and Outcomes

Aims	The aim of this module is to allow costume makers to be instructed in a range of pattern cutting and making techniques associated with different periods and styles and to explore a variety of approaches to innovative costume construction.
------	--

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Evaluate and implement a wide range of advanced costume making techniques and engage in sophisticated judgement in their application.
MLO2	2	Develop methods for recording and analysing the costume making process and apply documentation to disseminate your practice.
MLO3	3	Systematically gather relevant supporting research, evaluate its significance and propose conclusions.
MLO4	4	Communicate creative intentions through innovative, experimental and varied pattern cutting approaches to translate both historical and contemporary silhouettes.

Module Content

Outline Syllabus	The module will focus on a core of pattern cutting and making techniques associated with a range of styles and periods of costume with exploration of associated crafts. This will be supported through considered documentation and reflective analysis of the development of the student's practice.
