Category	Short Description	Description	Weighting (%)	Exam Duration
Essay	AS1	Coursework: Written and oral assessment reflecting independent literature review and research (2500 word equivalence)	100	

Aims

To equip students with the conceptual frameworks and learning skills to perform successfully at Masters level.

To critically engage with some of the concepts relevant to the selected area of study within the MA Education programme.

Learning Outcomes

After completing the module the student should be able to:

- 1 Engage in information and literature searches appropriate to an investigation at a Master's level of competence.
- 2 Complete a literature search and produce a critical review of one aspect of the proposed area of study within the MA Education Programme.
- 3 Produce written and / or oral presentations at Master's level.

Learning Outcomes of Assessments

The assessment item list is assessed via the learning outcomes listed:

CW	1	2	3
----	---	---	---

Outline Syllabus

A critical examination of the concept of studying at Masters level through the medium of a critical review of literature of the selected area of study.

A critical engagement with learning skills and processes (development of analytical and critical approaches to literature, research and reflection of professional practice.

Engagement with resources and literature base (electronic applications).

Presentation skills and writing at Masters level.

Learning Activities

Lectures, group based activities, working with ICT resource bases, presentations and tutorials.

Notes

This module will equip students with the conceptual framework, skills and confidence to successfully perform at Masters level. It will provide a sound critical base for analysis of the selected area of study.
