Aims and Outcomes

Aims	The aim of this module is to allow students to gain an advanced understanding of the theoretical concepts that are essential to understanding of coaching as a social process. The module will explore concepts as they apply to each individual within their particular sport coaching role. It will enable them to form clear understanding of the marriage between theory and practice in sport coaching.
------	--

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Critically understand and appraise the importance of the coaching process.
MLO2	2	Synthesise and critically report the antecedents of the coaching process.
MLO3	3	Assimilate and apply examples of the coaching process within their own sport coaching practice.

Module Content

Outline Syllabus	Coaching philosophy including their own and others within a coaching context Coaching models Socio-cultural aspects of sport coaching Power within the coaching process Relationships between culture and coach behaviour Organisational visions and values Mentoring and communities of practice
Module Overview	
Additional Information	The aim of this module is to allow students to gain an advanced understanding of the theoretical concepts that are essential to the coaching process. The module will explore concepts as they apply to each individual within their particular sport coaching role. It will enable them to form clear understanding of the marriage between theory and practice in sport coaching. Teamwork will be developed through group discussions and peer review of formative work.
