### Module Content

Outline Syllabus	This module centres on a critical examination of current issues in education from the perspective of the critical, reflective professional. A major current issue is identified for critical examination of the nature of policy and policy implementation on professional practice. Participants will work to develop a critique of the identified area of interest. They will:- Identify an aspect of their practice they wish to investigate and develop- In consultation with their tutor, identify related literature, drawing on this to analyse key issues- Examine/reflect on professional practice in the light of the critique of literature/research/policy
Module Overview	
Additional Information	This module is delivered as part of a fully Online Programme. It will provide a grounding in theory and research for educational professionals with an interest in developing a aspect around a current/recent issue in education. The assessment will be a critical analysis of a current/recent issue and responses. This must make reference to relevant practice frameworks and theories.
