Aims and Outcomes

Aims	In this module students combine skills and techniques used in Critical Perspectives and Executive Effectiveness with specific learning about the field of creative learning and outreach as typified in the work of a midscale producing or present venue.
------	--

After completing the module the student should be able to:

Learning Outcomes

Code	Number	Description
MLO1	1	Synthesise reflective practice, research informed decision making and executive effectiveness in a Creative Learning and Outreach project.
MLO2	2	Demonstrate an advanced ability to design and deliver outreach projects that synthesise both creative and pedagogical approaches in the development of community engagement.
MLO3	3	Demonstrate an advanced ability to utilise their skills as a project leader to increase the pedagogical/social impact of an engagement/outreach event.

Module Content

Outline Syllabus	In the first phase of the project students engage in an intensive workshop process exploring the genre of creative learning and outreach. This could include activities designed to support engagement with main house performances, educational support and accessibility projects. Taught delivery is then followed by a period of work based learning and reflection leading to a practical performance as the final assessment.
