

# Research Project

## Module Information

2022.01, Approved

### Summary Information

Module Code	7506UCEPG
Formal Module Title	Research Project
Owning School	Civil Engineering and Built Environment
Career	Postgraduate Taught
Credits	60
Academic level	FHEQ Level 7
Grading Schema	50

### Teaching Responsibility

LJMU Schools involved in Delivery
LJMU Partner Taught

### Partner Teaching Institution

Institution Name
Unicaf

### Learning Methods

Learning Method Type	Hours
Online	13

### Module Offering(s)

Display Name	Location	Start Month	Duration Number Duration Unit
APR-PAR	PAR	April	12 Weeks

### Aims and Outcomes

Aims	To develop and test students' ability to prepare a dissertation based on a study in appropriate depth, of a subject of some significance in relation to their own discipline within the built environment.
------	--

### After completing the module the student should be able to:

#### Learning Outcomes

Code	Number	Description
MLO1	1	Formulate a research question/problem and devise an appropriate methodology of investigation.
MLO2	2	Gather, present, analyse and interpret appropriate evidence in relation to the chosen research question/problem and demonstrate an understanding of the limitations of the evidence.
MLO3	3	Synthesise findings and draw justified conclusions around the research question/problem.

#### Module Content

Outline Syllabus	<p>The dissertation will normally comprise 15,000 to 18,000 words and will contain a careful explanation of the research question/problem; a review of the relevant literature; an explanation of the research methodology; descriptions, analysis and synthesis of carefully prepared evidence. This evidence will include both the selection and evaluation of relevant published material, and/or secondary sources.</p> <p>Written guidance is issued to students prior to the commencement of the dissertation preparation process. Students are counselled regarding their choice of topic and an appropriate supervisor allocated. A full research proposal must be submitted.</p> <p>During the period of dissertation preparation students are advised to keep in regular contact with their supervisor.</p> <p>N.B.: Students must undertake their dissertation within their chosen field of specialised study.</p>
Module Overview	
Additional Information	The module develops and tests the ability to prepare a dissertation based on a study in appropriate depth, of a subject of some significance in relation to the student's chosen discipline within the built environment.

#### Assessments

Assignment Category	Assessment Name	Weight	Exam/Test Length (hours)	Module Learning Outcome Mapping
Dissertation	Research Project Report	100	0	MLO1, MLO2, MLO3
