OCT-PAR	PAR	October	12 Weeks

Aims and Outcomes

Aims	To provide opportunities for professionals in education to expand knowledge and understanding of research methods in educational contexts.To support professionals' development to deliver a research project within an area of identified interest.To develop, implement and complete an in depth research-based investigation of a defined area that has relevance to the professional education context.
-------------	---

Learning Outcomes

After completing the module the student should be able to:

Code	Description
MLO1	Manage issues of research ethics and power in accordance with educational research ethical guidelines.
MLO2	Critically analyse key theoretical frameworks, policy and concepts in the literature around a chosen education focus.
MLO3	Apply appropriate methodologies and research methods to an area of professional inquiry.
MLO4	Synthesise data with the existing theoretical and evidence base to inform practice.

Module Content

Outline Syllabus

Individually negotiated research focus and one-to-one support in a relevant area of education.

Module Overview

Additional Information

This module is delivered as part of a fully Online Programme. The module is a core activity for all students and provides a grounding in theory, research and practice. It provides an opportunity to carry out a piece of in-depth research - including the option of a library-based study, negotiated with individual supervisors and of relevance to the educational context. This will be largely independent, but with regular individual support from an assigned supervisor.

Assessments

Assignment Category	Assessment Name	Weight	Exam/Test Length (hours)	Learning Outcome Mapping
