

**Summary Information**

|                     |                                 |
|---------------------|---------------------------------|
| Module Code         | 7531LAWINF                      |
| Formal Module Title | International Environmental Law |
| Owning School       | Law                             |
| Career              | Postgraduate Taught             |
| Credits             | 20                              |
| Academic level      | FHEQ Level 7                    |
| Grading Schema      | 50                              |

**Teaching Responsibility**

|                                   |
|-----------------------------------|
| LJMU Schools involved in Delivery |
| LJMU Partner Taught               |

**Partner Teaching Institution**

|                  |
|------------------|
| Institution Name |
| Informa Connect  |

**Learning Methods**

| Learning Method Type | Hours |
|----------------------|-------|
| Online               | 30    |

**Module Offering(s)**

| Display Name | Location | Start Month | Duration Number Duration Unit |
|--------------|----------|-------------|-------------------------------|
| SEP-PAR      | PAR      | September   | 12 Weeks                      |

**Aims and Outcomes**

|      |   |
|------|---|
| Aims | Students are required to develop a basic understanding of all portions of the module, but only to develop in depth an understanding of one out of the three main study areas, i.e.: Antarctica and CITES; Atmospheric and Air Pollution; Nuclear Pollution and Hazardous Waste. |
|------|---|

**After completing the module the student should be able to:**

### Learning Outcomes

| Code | Number | Description  |
|------|--------|--|
| MLO1 | 1      | Identify and prioritise source materials needed for a proper understanding of the subject  |
| MLO2 | 2      | Demonstrate a critical awareness of the factors which shape International Environmental Law                                      |
| MLO3 | 3      | Incorporate an analytical and critical appreciation of practices within the International Environmental Law field                |
| MLO4 | 4      | Develop critical responses to International Environmental Law, and the ability to apply them critically in a variety of contexts |
